I have this day examined the accounts of Frank E. Page, treasurer of the Smyth Public Library, and find them correctly cast with proper vouchers for the same.

RANSOM R. CHAMPLIN, *Auditor.*

Candia, N. H., Feb. 23, 1914.

We had planned to have some much needed shelving installed this winter, but accident prevented. This accounts for the large balance on hand, which we have been saving from year to year for this purpose. We hope to have this work done in the near future.

LIST OF BOOKS.

The following is a partial list of books recently added to the Library :

North Road.

Two terms : Ada Morey, Lena E. Morey, George E. Morey.

One term : Freeman Morey.

95 per cent for one term : Ada Morey, Lena E. Morey, Geo. E. Morey. Freeman Morey, Dora Brown.

SCHOOL REPORT.

Eight schools have been maintained for thirty-six weeks, in which 182 pupils were enrolled in September, 90 boys and 92 girls. This is an increase of twenty over a year ago. The entering class at the beginning of the school year was larger than for some years, which augurs well for future upper grades. The class in the eighth grade this year is very small.

Since the schools were still in session at the time of the closing of the treasurer's accounts, Feb. 15, the balance shown in her report is not the *actual* balance of money unexpended, as the teachers' salaries and transportation and janitors' bills for the winter term had not at that time been paid.

The South Road and High Street school buildings have been painted outside and in and otherwise put in repair. Repairs have been made on other buildings with a view to increased warmth and cleanliness. The Chester Road school room was completely renovated in the spring by the neighborhood branch of the Candia Improvement Club. Also an excellent organ was provided for the school. All this was done without expense to the district. The parents of one family in the South Road school generously donated a very good organ to that school.

It is hoped that a more perfect understanding of the amendment to the law regarding attendance between the ages of fourteen and sixteen will make the services of the truant officer seldom necessary.

The giving of monthly reports showing the standing and work of the pupils has been introduced this year. In several cases parents have expressed their appreciation of the aid and value of these reports in bringing them more closely in touch with the work of their children, thus enabling them to co-operate more fully with efforts made for the benefit of the pupils of our schools.

In most of the schools the teachers have worked faithfully to maintain the grades and raise the standard of work in order to bring it up to the measure of schools which have been graded for years. It is to be hoped that in the near future our schools

will be able to graduate a class equal in every way to those sent out from any town.

In three of our schools we have had certified teachers whose employment entitles the District to two dollars per week from the state for each of these teachers. It has been the aim of the school board to fill any vacancy occurring with such teachers, thereby not only securing qualified teachers but giving the District the benefit of this state aid.

The much needed supplementary readers for the first four grades have been obtained and in order to meet these requirements of the law in regard to completing the course of study in our schools, books on civics were purchased for the use of the eighth grade.

MARY L. BROWN.
JOHN D. UNDERHILL,
CHARLES D. PHILLIPS,

School Board.

REPORT OF TREASURER OF SCHOOL DISTRICT OF CANDIA, N. H.,

For the Year Ending February 15, 1914.
